

Shallow Groundwater Record Keeping Form

Field: _____ Date: _____

Person Completing Analysis:

	Yes	No
Does NRCS Soil Series description list a time period(s) of when to expect shallow groundwater?		
If yes, is the application outside those dates?		
Are the “w” soil selections of the field “idle”?		
*See Interim guidance for shallow groundwater soils definitions.		

For fields with tile drainage systems:	Yes	No
Are drain tiles functioning properly?		

What is the depth to the drain tile from the soil surface? _____ in.

For fields without tile drainage systems:

Complete two pit evaluations per 5 acres of “w” soils as described in Interim guidance for shallow groundwater soils.

[illegible]
